**Subject:** RE: are you back? call me so we can chat about bee event on Aug. 20th...thanks!

On August 5, while investigating the Gold King Mine in Colorado, an EPA cleanup team triggered a large release of mine wastewater into Cement Creek. EPA is working closely with responders and local and state officials to monitor water contaminated by the release. The release's path flows through three of EPA's regions (Region 8 (Colorado/Utah & Southern Ute Tribe); Region 6 (New Mexico), and Region 9 (Navajo Nation). EPA has activated its Emergency Operations System to ensure coordination among its regions, laboratories and national program offices in Washington, D.C. EPA is closely coordinating with officials in Colorado, New Mexico, Utah, Southern Ute Tribe and Navajo Nation.

Wendy,  
That is fine...no worries. What happened?

Kris

Hi guys,

We have to cancel this event. I am sure you understand given recent events. We are still working on the video and hope to have it completed in the fall.

There will always be more opportunities in the future.

Thanks for all you do and lets get together for lunch soon :}

Wendy,

The address of our two hives is: 2205 Balsam Drive, Boulder, 80304. To get there take Hwy 36 all the way into Boulder. It turns into 28th Street. Go past Arapahoe, Canyon and Pearl until you get to a light at Valmont (it is before Iris and the Safeway). Go west, (Left) on Valmont. It will turn into Balsam (not sure why but it does). At 19th, a stop sign go left (south) about 50 yards and Tyler will be on your left. Go left (east) on Tyler and go up the hill and when it meets a road (I think it is Balsam) go left (further east) and you will pass a bunch of beautiful houses on a ridge overlooking Boulder. At the top of the hill there is a ranch house, 2205. Google Maps has the area a little goofy so you are better to do it the old fashioned way. You will see our beehives in the front yard next to the gardens close to the house.  
We will get there early and I will have my cell phone on. It is 303-875-2656. I leave tomorrow so would love to talk anytime. Give me a buzz today or tomorrow morning.

Thank you Wendy. This is another incredible opportunity for my kids and I continue to be amazed at all the great stuff you do for us!

Hugs,

Kris

Wendy,

I went to Aspen over the 4th but never really left this summer...I leave for Iceland on Saturday. So give me a call soon. I have to call the Colorado Dept. of Revenue right now (and expect to be on hold forever:) but then I am completely available morning night or afternoon.
